

LIBERTY FOR ALL

The Journey to Educational Equity

LETTER FROM LEADERSHIP

LSC Family,

With a successful, inaugural year for Liberty STEAM Charter School behind us, we have never been in a better position to make a difference in the lives of the children in Sumter County than we have at this moment. Make no mistake about it: the LSC mission will pay dividends for generations. This is our shared legacy, and we continue to be excited to be in the fight for doing better for the children in our community.

With a new group of scholars coming in and a new academy on the horizon, we are excited about the possibilities for our team and family and the big things we will accomplish together for our scholars in the new school year. And while I begin a new journey and transition out of my role as executive director, effective July 15, 2022, I am confident that my predecessor, along with our team will be able to continue building this legacy that is Liberty STEAM Charter School.

So, let us embrace the moment, seize the opportunity, and relish the good works we will achieve by working together. Your love, guidance, and encouragement has created an invaluable foundation upon which our scholars continue to thrive and grow. Together, as one team, we will win one for the children of Sumter County. And regardless of obstacles, we will continue to work diligently to eliminate educational inequities and prepare our scholars for college and career.

I hope this report will show you not only the highlighted successes but the love, commitment, and dedication that our team, family, and community has poured into our school and scholars. By setting the example, they have upheld our core values, supporting our mission for educational equity and liberty for all. I appreciate all of you and the hard work and dedication you commit each day as a valued stakeholder.

We Are Liberty For All.

Sincerely,

Dr. Khalil Graham
Executive Director, 2020-2022

"Standing up and owning it is about acting with integrity. If we say we'll do something, we do it. We understand that trust is earned through behavior, not granted by position, and we talk straight. We're open and candid with each other, even when it's difficult.

We understand the importance of our work and take pride in the impact of our contribution. We ensure that everything we're involved in is better because of our participation. Sometimes we make mistakes. But when we do, we take ownership and make every effort to fix the mistake. And we learn from it so that the mistake isn't repeated. The way we behave personally is what determines the success of our academies."

- Dr. Trevor Ivey, Chief of Staff
& Interim Executive Director

Hear first-hand from our LSC family as they share their experience with Liberty STEAM Charter School.

Established in 2020, Liberty STEAM Charter School is the first public charter school in Sumter County. We will offer a kindergarten through 12th-grade STEAM-focused, project-based, and a personalized learning model that is innovative and unlike any other school in South Carolina. We are currently growing to accommodate over 2,000 scholars amongst four distinguished academies.

Our vision for LSC is grounded in having partnerships with our local community that push the educational experience that our scholars have. Throughout our academic program, we want to ensure that we have game-changing opportunities inside and outside the classroom for every scholar.

Our model prepares scholars with the academic foundation to pursue college studies or the career track and live a choice-filled life. Furthermore, we ensure that they will leave high school with real-world skills and habits to succeed in industry careers that offer meaningful salaries, aiming to produce upstanding, productive citizens for Sumter County.

MISSION

Liberty STEAM Charter School works to provide all students with equal access to a world-class K-12 education in an academically rigorous and student-centered learning environment, creating graduates who will be thoughtful and engaged citizens prepared to take on the leadership challenges of the 21st century.

VISION

In partnership with our families and the community, our vision is to provide real-world interdisciplinary, personalized, and project-based learning experiences through a STEAM-based academic program where graduates become the next generation of leaders, employers, and employees who contribute to the economic well-being of their communities and families.

STAND UP AND OWN IT

We have the ability to shape our future by acting with purpose, doing the right thing even when it's hard, and owning our work.

POWER OF THE TEAM

Achieving our mission requires the Power of the Team and a mindset of we, not me. Great things happen when we work together and put the team first.

PASSION FOR GROWTH

At the heart of our culture is a passion for growth, the growth of our scholars and staff. We relentlessly pursue excellence every day.

CORE VALUES

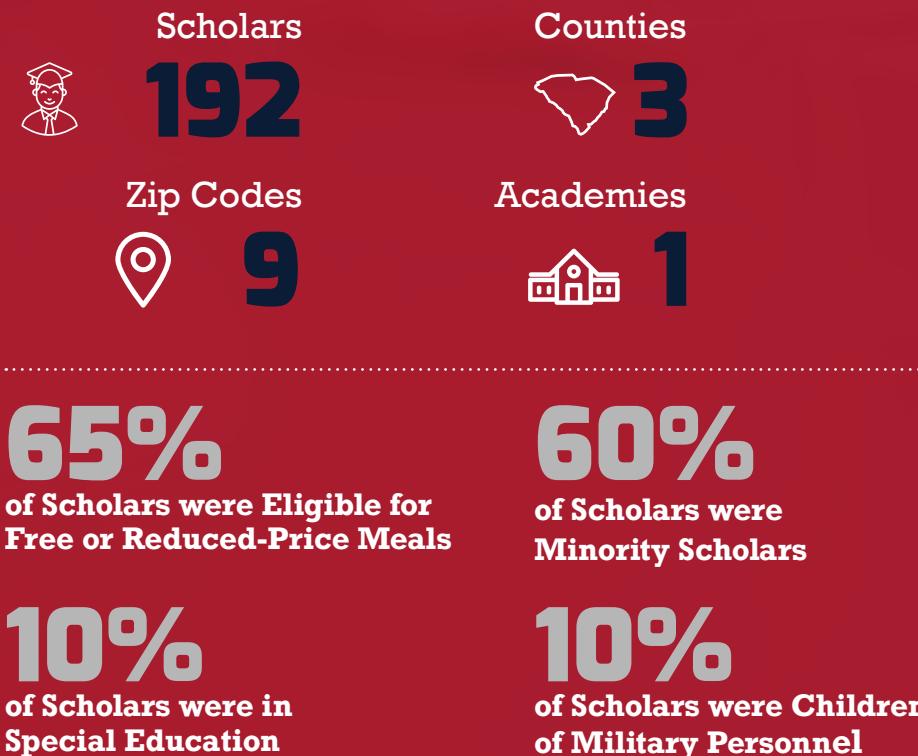

WE KNOW A HIGH-QUALITY EDUCATION CAN TRANSFORM A CHILD'S LIFE

In this day and time, we need to give hope to our children and families. We believe that Liberty is a beacon of hope and empowerment for our community and the surrounding areas.

When building our brand identity, we strategically chose the torch to symbolize hope to the children and the families in Sumter County, just as our Statue of Liberty's torch gave hope to many people coming to America. Our torch is a constant reminder of the power of choice our team, scholars, and families now have.

Liberty provides a power of choice for the parents in our community by providing them with promise in their child's futures. We embrace the importance of diverse communities, cultures, identities, and abilities of all scholars and help them foster character strengths essential for their own success, empowering them to express their voice confidently and improve the world around them. We are proud to be a representation of the community we serve.

WHO WE SERVE

PASSION FOR GROWTH

We are developing tomorrow's leaders who will contribute to the economic well-being of their communities and families, and we take that very seriously. We create clearly defined and measurable high expectations for our scholars to promote academic achievement and good conduct, ultimately creating and reinforcing a culture of achievement and support.

And our scholars are eager to deliver.

ACADEMIC ACHIEVEMENT FOR 2021-2022*

Kindergarten Math | **73%**

Kindergarten Reading | **82%**

1st Grade Math | **84%**

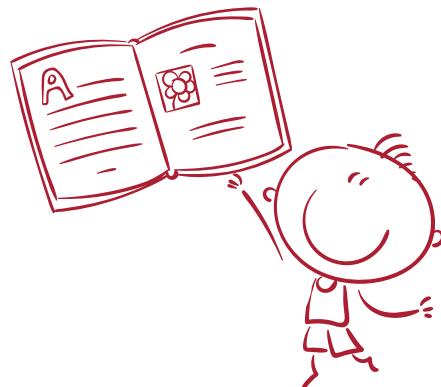

1st Grade Reading | **70%**

1st Grade Reading Level Growth | **6.0**

Kindergarten - 1st Grade Spanish | **82%**

Kindergarten - 1st Grade STEAM | **83%**

SEE WHAT OUR PARENTS HAVE TO SAY

“

"They've allowed Chase to maximize his learning abilities in ways that oblige him to the classroom. They're big on showing how proud they are of their scholars and pushing them to strive for greatness. He's always excited about learning because his teachers keep him motivated. And they make at-home schoolwork fun by giving us parents strategies to help our kids better understand the concepts at home."

- Chadwick and Monique Simon, parents of Chase Simon

“

"Pierce will have a solid foundation to grow and expand on as he grows. He's a natural leader and is great at motivating people, and Liberty empowers him to be that because they are very motivational and encouraging to him. Whatever Pierce decides to do with his future, I know he will be well prepared."

- Shafara and Warren Douglas, parents of Pierce Douglas

*LSC is in its first year and has no comparison data or state standardized assessments that report proficiency levels. We use five MAP data points to capture scholar growth over time. Proficiency is calculated according to scholars meeting their individual growth targets compared to national normed benchmarks. LSC's overall grade level proficiency is 85%. Next Steps Guided Reading Assessment is given to scholars six times a year to measure reading and comprehension fluency over time. Scholars are typically expected to grow one reading level in a regular school year. Spanish and STEAM assessments are teacher-created under the state approved SLO growth measures for teacher evaluation.

BEYOND THE CLASSROOM

MILLIONAIRE'S READING CLUB

One of our promises to our families is that their scholar would read a million words this year. Scholars' reading logs were tracked by word count through the books they read at and away from school throughout the year, and as of May, 100% of our scholars joined the millionaires club in the Million Word Reading Challenge.

DANCE

We partnered with a local dance studio where they taught our scholars basic dance techniques, including sequencing skills, through an in-depth exploration of jazz and hip-hop fundamentals.

GARDENING

LSC is one of 16 schools in the state to receive this year's Gardening Grant from the SC Department of Education. Our Enrichment Teaching Team partnered with Clemson 4H to incorporate gardening during Community Wednesdays to teach scholars the basics of gardening and healthy eating. As part of the initiative, all scholars participated in growing their class gardens to see who could build the tastiest and healthiest salad.

</> CODING

A coding module was implemented in the Project Lead the Way curriculum, where scholars were tasked with solving problems through collaboration, creativity, critical thinking, and communication while following the engineering design process and understanding sequencing.

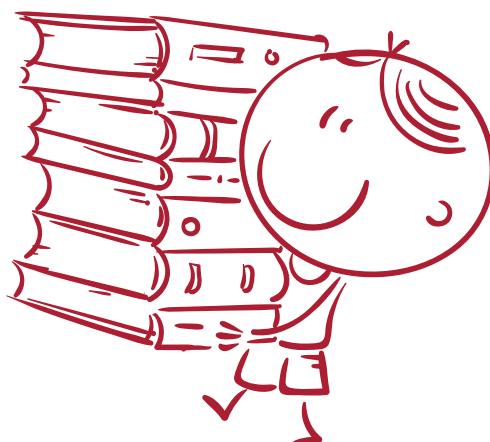

MIXED MARTIAL ARTS

We partnered with a local MMA studio to provide kindergarten and first-grade scholars with mixed martial arts instruction weekly.

SPANISH

Throughout the year, scholars participated in a Spanish enrichment class comprised of physical education, music, and art components in the curriculum.

Liberty for all is grounded in the philosophy of team and family. We believe that every team member deserves to get 100% of what we can invest in them. We're setting a standard of excellence that we know will impact our team members and encourage our community to create pathways of opportunity for educators and staff.

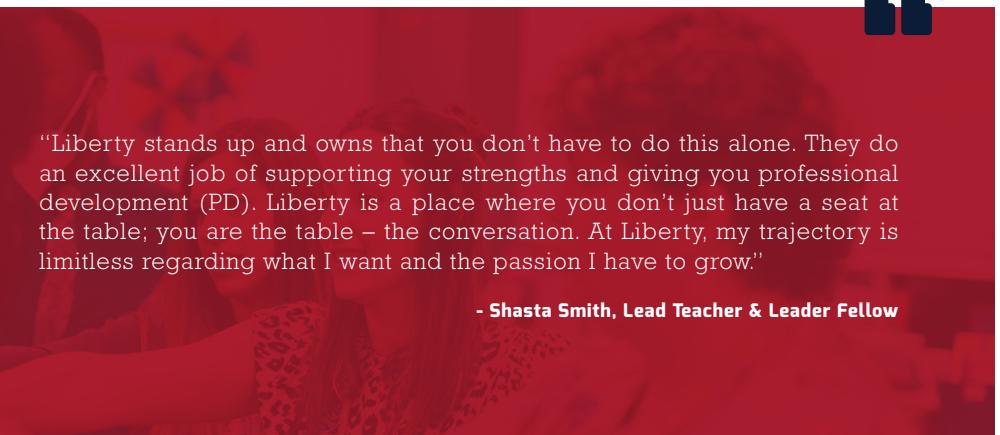

83%
OF LSC EMPLOYEES
AFFIRM THAT LSC IS A
GREAT PLACE TO WORK

“Liberty stands up and owns that you don’t have to do this alone. They do an excellent job of supporting your strengths and giving you professional development (PD). Liberty is a place where you don’t just have a seat at the table; you are the table – the conversation. At Liberty, my trajectory is limitless regarding what I want and the passion I have to grow.”

- Shasta Smith, Lead Teacher & Leader Fellow

“Liberty gave me more than just a job. It gave me a career. Right now, I’m serving in the role of Facilities Manager, but in the near future, we’ll be opening up another academy, so I’ll be working in both academies while managing and training. They’ve provided me with opportunities. So this gave me a future, not just a job, a career.”

- Russell Whitaker, Facilities Manager

COMMUNITY

The community's most significant gift is the precious resource of their children. But they also give so much more. They support us financially, partner with us, provide us with resources, and allow us to see all the wonderful things that the city of Sumter offers. In return for the community's generosity, we would like to give back engaged citizens and advocates for everything that makes our community a special place.

HERE ARE A FEW WAYS OUR COMMUNITY SUPPORTED US THIS YEAR

- Our community rallied for **Teacher and Staff Appreciation Week** by giving them shoutouts, lunch, handwritten notes, cards, flowers, and sweet treats, and breakfast.
- For 2022, the Sumter community voted Liberty the "**Best Elementary School" of Sumter.**
- Through various donations, we **expanded classroom library access** for all kindergarten and first-grade scholars.
- To help with our Million Word Reading Challenge, we had more than **200 guest readers volunteer** to boost our efforts, virtually or in the classroom, along with various donations.
- Through the Holiday Giving Tree Campaign, the community raised **\$12,500 for Chromebooks** which are part of our STEAM enrichment lab experiences.
- Thanks to our generous donors, each scholar received a **free book from the book fair.**
- Our first Eagle Gentleman's Gathering received support through \$15,000 in monetary donations and **ties gifted to each male scholar.**
- Our community raised over \$2,000 from our **Spirit Nights**, where businesses would donate a portion of their sales on that night back to LSC, **supporting campus activities.**
- \$2,500 was contributed to provide **every scholar with a free yearbook** to capture the memories created in their year at LSC.

“

"As parents raising a young African American son in a world like today, we want him to have the best opportunity at a quality education. LSC prepares scholars for educational excellence with the community's strong support, a clear vision, and an environment that will bring forth the next generation of leaders, educators, and employers. I have always believed that when a community invests in a child, the return on that investment is so valuable. They will remember what the community did for them, which encourages the giving cycle to repeat itself all over again."

- Karen Gaines, parent of Orlando Gaines

POWER OF TEAM

When we work as a team, we do better as a collective. Did you know that our charter requires a minimum of two service-learning projects to be executed annually? These projects strengthen our community, enhance engagement, and enrich the lives of our LSC family. In our founding year, 100% of our scholars have participated in one or more of the following academy-wide service-learning projects.

45 Hours Total Volunteer Hours Completed by **Scholars**

650 Hours Total Volunteer Hours Completed by **Parents**

HOLIDAY CANNED FOOD DRIVE

The LSC family collected 965 canned and non-perishable food items, which were donated to a food pantry in South Sumter.

WREATHS ACROSS AMERICA

The LSC family sponsored 450 wreaths as part of the annual Wreaths Across America Campaign. These wreaths were placed on the graves of local veterans here in Sumter by volunteers such as our team members, families, scholars, and stakeholders.

COMMUNITY-WIDE LITTER PICK-UP EVENTS

The LSC community participated in four community-wide cleanup campaigns this year by picking up 42 bags of litter in and around our community.

MILITARY CARE PACKAGES

The LSC family collected over 3,200 items to put together 300 care packages for airmen at Shaw Air Force Base. The scholars also completed a service-learning project in April, which coincided with honoring our scholars who are children of military personnel.

AMERICAN HEART ASSOCIATION FUNDRAISER

Nurse Katy led a three-week academy-wide campaign with classroom lessons and read-alouds promoting a healthy heart. Our team and family exceeded our fundraising goals by raising \$4,500, and as promised, Nurse Katy kissed a pig on National Pig Day.

“

“The parents ultimately get the choice, and they're choosing us. They're choosing the resources and buying into what we're trying to create. And we are trying to ensure that every scholar who comes onto an LSC campus has the same access and resources. We provide educational equity through access. It's motivating to see that we're working together for the best outcome for their scholars.”

- Tatiana Reyes, Lead Teacher, Teach for America Corps Member

PARTNERING WITH PARENTS

We put considerable emphasis on partnering with our parents. We are in the business of putting our scholars' needs first, and our parents help us do just that. Through communication and collaboration with our parents, we can provide their scholars with consistency and support in their learning experience, allowing them to reach their fullest potential.

END OF YEAR FAMILY ENGAGEMENT PANORAMA SURVEY RESULTS

100% of Parents Are Satisfied With Their Scholar's Progress

99% Satisfied with the Home-School Relationship

96% Recommend LSC to Others

98% Agree LSC Sets Rigorous Expectations for Scholars

96% of Parents Say LSC Is More Than Preparing Their Scholar for the Next School Year

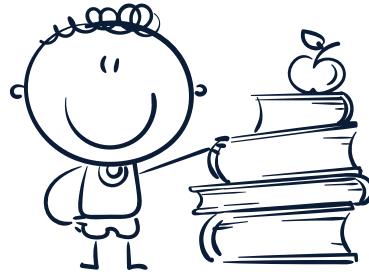

“

We started Liberty STEAM Charter School because, in the rural south, everyone realizes today that a great public education is very challenging to achieve, and Sumter is no different. And so we wanted to start Liberty with the goal in mind to be in the number one public school in the state of South Carolina to provide high-quality education to our citizens of Sumter and the surrounding region.”

- Greg A. Thompson, Board Chairman

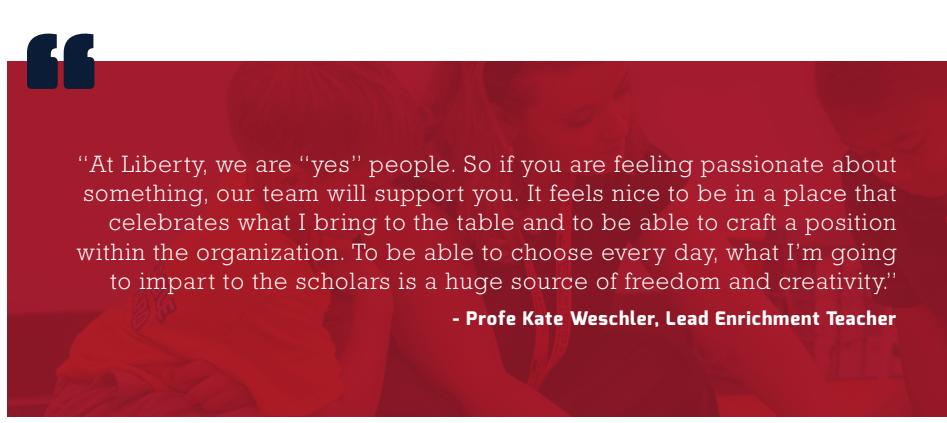

We're hands-on with teaching and coaching every day to make people better, whether it's recording a lesson and reviewing it with a teacher, doing the work next to a staff member and helping them see opportunities for improvement, or just having weekly coaching conversations that are grounded in data that's happening within your work stream. We want to ensure that our team members feel supported in their roles, so we commit ourselves to be capacity builders and doing that within the culture we have here at LSC.

We believe LSC is a premier place for teachers specifically to learn and grow. We provide world-class training and give them practical applications. In their practice, we believe teaching is an art and not a science, so we offer them both a world-class curriculum and support in their classroom. Through consistent feedback as thought partners, we can continue developing their craft.

“

“At Liberty, we are “yes” people. So if you are feeling passionate about something, our team will support you. It feels nice to be in a place that celebrates what I bring to the table and to be able to craft a position within the organization. To be able to choose every day, what I'm going to impart to the scholars is a huge source of freedom and creativity.”

- Prof. Kate Weschler, Lead Enrichment Teacher

STAND UP AND OWN IT

Every day, when our scholars walk through our doors, they make a choice to receive the best education possible from our highly qualified teachers and staff. Once they're in our classrooms, we build choice into their day, developing their ability to make independent, educated decisions from a very young age. Our goal is to create flexible learning environments to meet the diverse needs of our scholars.

COMMUNITY DAY AT THE EAGLE'S NEST

At LSC, we believe in building a community around the joy factor while pursuing growth and celebrating culture. Our weekly community days are where scholars receive lessons on valuable social-emotional learning skills and are exposed to various unique enrichment activities allowing them to express their individuality.

Supporting our scholars socially and emotionally allows them to focus on embracing productive discomfort, staying focused, being coachable, and trying new things. Each week one scholar from each of our eight classrooms is recognized in the celebration for representing different facets of our cultural expectations: showing respect, obeying rules, accepting responsibility, and rising to excellence. Their families join us in making the celebration more memorable by delivering their golden shirts and sharing a letter to their scholar's class.

“

"We believe in a true partnership with our families, involving them as much as possible and their child's academics. It's important to ask, "what other opportunities can we provide for you?" And then listen and implement as we want to ensure they have the chance to work with their scholars. This year we instituted our homework help hotline that we opened up two nights a week. So if parents have questions about the week's math or reading and writing assignments, they can log in two nights a week to get that one-on-one support. We want to provide that opportunity for our families to help their scholars and have the resources to do so."

- Sherman Logan, Primary Academy Director

BOOK AND BLANKETS

A total of 135 families came out over two days to share in the love of reading as a family. Our friends from the Sumter County Library were on site with hundreds of books for families to pick from to read and to even check out. As a result, we added 15,155 words to our Million Word Reading Challenge through this event.

“

"Our scholar, George, loves learning, asking questions, and being exposed to new things. We believe that Liberty delivers on what he wants his education to be, and we can see that he is taking it all in and that he loves coming to school. His teachers keep us well informed through various forms of technology and communication. We appreciate the proactive communication because it ensures that George can be heading in the right direction both at home and in the classroom."

- Sandra and George Dervin, parents of George Dervin, Jr.

We want what's best for the children of Sumter County. Each child deserves a quality, world-class education and that's our promise; making an impact in our community while preparing each child that walks through our door to be a leader of tomorrow, which is why we pride ourselves on 100% of our educators being fully certified and equipped to support our scholars academically, socially, and emotionally.

TEAM MEMBERS OF THE YEAR

We salute our team members of the year for their selfless service in sacrifice to turn the "Liberty For All" vision into reality! These members embraced our three core values: passion for growth, power of the team, and stand up and own it. Congratulations!

Shasta Smith

"Education is hard work; it's not always easy. But we are all committed to making a difference. We have so many people in this building with the same mindset that every child deserves a world-class education, and you leave every day knowing that we are making a difference for every child, and that is huge."

- Dixie DuRant, Managing Director of Operations

THE NEED FOR LSC IS GREAT IN SUMTER, SC

33/50

South Carolina currently ranks the bottom third in the country in student spending, and Sumter is below the state average in per-pupil funding.

\$10 MILLION

Our base personnel and service cost to support our model and ensure our scholars achieve transformational results by year 5, which does not include facility costs.

70%

We receive roughly 70% of student funding from the local district. This includes no funding for transportation and facilities.

550 SCHOLARS

Nearly 550 lottery applications were submitted for the 161 available seats in next year's class, ensuring a 2:1 application ratio and a healthy waitlist of over 300 applicants.

While scholars and teachers work hard to close the opportunity and equity gap for education in Sumter County, we have a significant need to support our mission in the coming five years to open four life-changing academies.

FACILITIES DEVELOPMENT

We plan to offer our LSC Team and Family members world-class instructional spaces. Over the next five years, we have four Academies to build that will be state-of-the-art for scholar learning.

SCHOLAR SUPPORTS

Every year, we expect to serve scholars from a variety of backgrounds. To support the needs of almost 2,000 scholars at scale, we will focus specifically on areas of high need we do not receive state funding for, such as transportation, uniform access, or after-school programming.

YOUR IMPACT

As a public school, we operate on public dollars, just as traditional school districts do. However, in South Carolina, charter schools receive no funding for facilities or transportation. Your support will help close this gap, so we can continue to close the opportunity gaps for our scholars and create academies that our scholars, families, and teachers deserve.

OPPORTUNITIES OUR DONORS HELP PROVIDE

The need is urgent; thus, the time to act is now. In creating a charter school where rigor, joy, and community are the essential keys to success, we are on a mission to change the narrative about what is possible for the children of Sumter County so that every child is equally positioned to succeed emotionally, academically, and socially. Because of you, LSC can provide various programs, services, and opportunities to our scholars and teachers. Your support makes a difference not only in our school but also in our community.

HOW DO I GIVE?

Scan this QR code from your phone camera or visit our website at

LibertySTEAMCharter.org/Support

Your gift to Liberty STEAM Charter School is 100% tax-deductible as LSC is a 501(c)(3).

2022-23 EXECUTIVE DIRECTOR'S TRANSITION STRATEGIC PRIORITIES

Raise Achievement For All Scholars And Eliminate Achievement And Opportunity Gaps By:

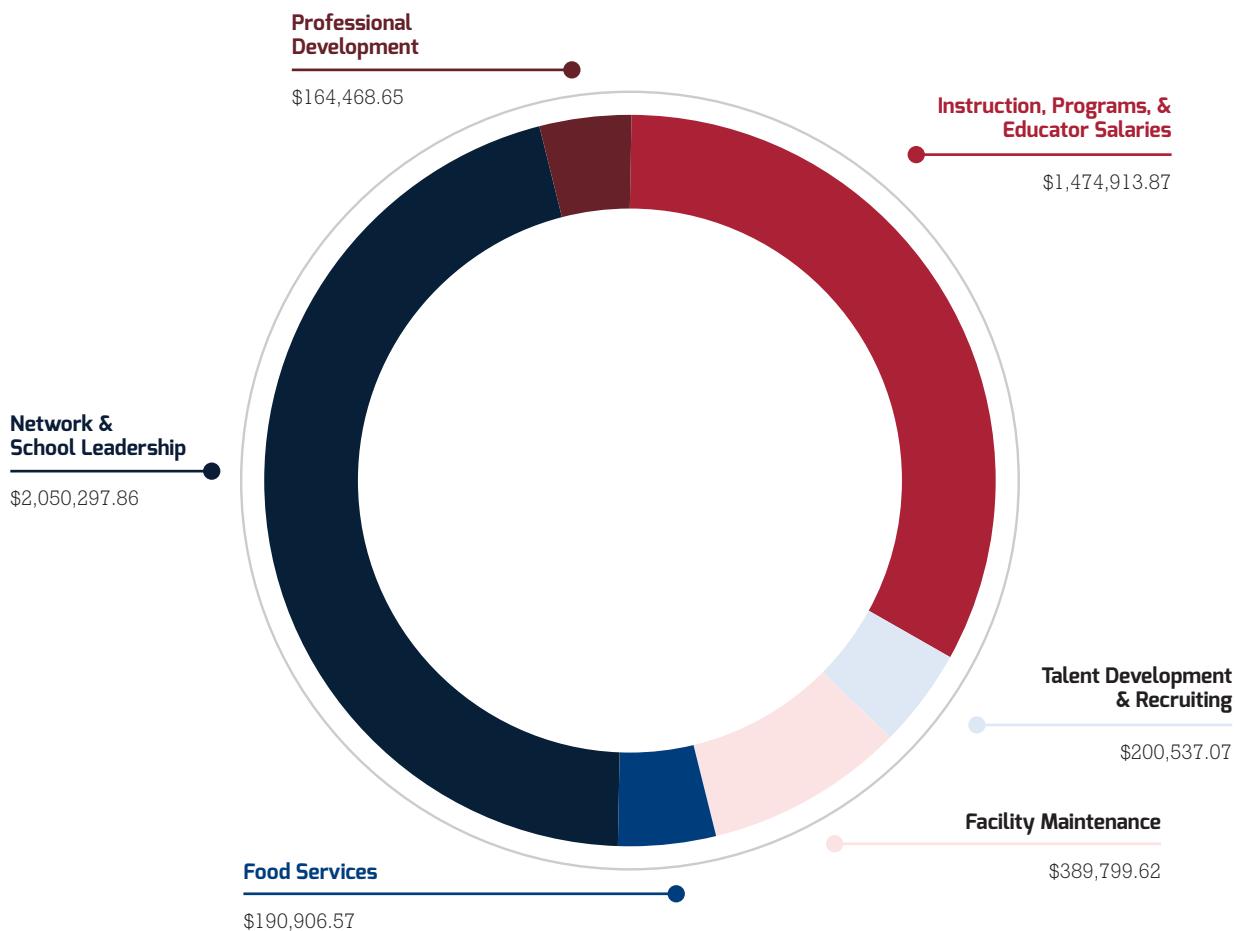

1. Implementing a comprehensive MTSS program that strengthens the instructional core to benefit all scholars – meeting their individual needs—and increase the level of access to these enriching opportunities
2. Strengthening the PBIS program and enforcing a progressive discipline model to reflect “compassion”
3. Retaining, cultivating, and recruiting high-quality teachers and teacher leaders
4. Implementing the Liberty Effective Educator Assessment alternative evaluation program approved by SCDE
5. Expanding the existing Career Pathways program by adding a Teaching Fellow 101 yearlong course (internal stakeholders only)
6. Expanding the existing Career Pathways program by adding LSC Leadership 101 (external and internal stakeholders)
7. Engaging parents, caregivers, & community as partners in two-way dialogue
8. Implementing an LSC Leader Council composed of representatives from major stakeholder groups
9. Facilitating the start of a Parent Teacher Organization
10. Continuing to be a model of continuous improvement organization
11. Hosting weekly instructional walks and quarterly instructional rounds

2024 VISION: LSC BECOMES A COGNIA STEM ACCREDITED SCHOOL

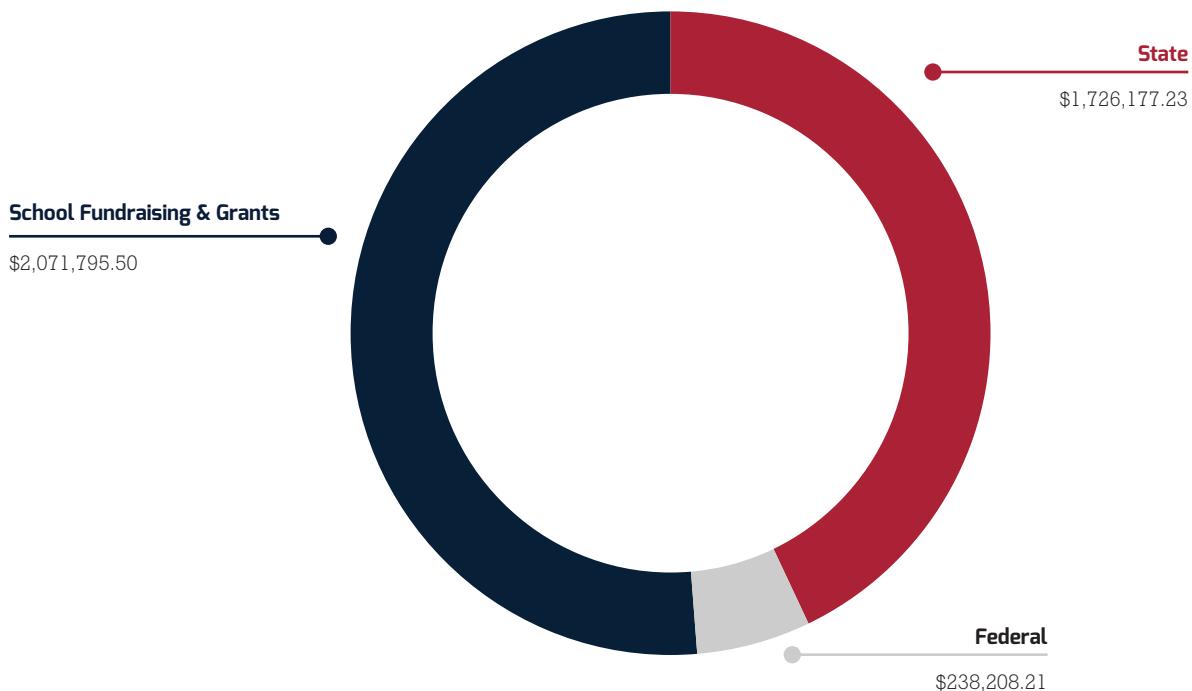

DISCLOSURE

We are committed to the responsible, efficient, and transparent use of all funds it receives. As a public school that will be accountable to families, its charter sponsor, and taxpayers, LSC believes deeply in accountability and has a planning committee that is committed to ensuring the academic, financial, and operational success of LSC.
